

T.N. Rao School For Girls-CBSE

B/h. Computer Bhavan, Near Saurashtra University, Rajkot

Annual Report 2021-22

Our Mission

TN Rao School for Girls endeavors to prepare each student to enable them to develop intellectual powers as well as strength of culture, morality and spirituality.

Our Objectives

- To guide students toward intellectual, artistic, physical, technological, and social competence.
- To spark passion. We want children to become deeply and personally involved in their work, to feel not only accountable, but engaged.
- To cultivate depth of character. We want students to develop empathy, imagination, and moral courage; ethical values; a sense of humility; and a habit of service.
- To help students gain self-knowledge: to learn about their own strengths and weaknesses within a supportive environment that fosters open and realistic communication.
- To foster a sense of community. Accordingly, we strive to create a rich public life in the school, where students learn to express their opinions effectively and responsibly, and to consider respectfully the opinions of others.

Our Philosophy

- We believe that school is an educational experience where you form your opinions, values, likes and dislikes. School is a second home, and the people in the school, second family. Each one of us is a student on a journey. Each one of us is a teacher, sharing our varied experiences.
- We believe that each child is unique. At our school, we encourage students to be themselves. Our students are given the space they need to discover, grow; change and experiment. Students from TN Rao School for Girls look forward to a future in which the world is theirs.
- Finally, Education is not making a child ambitious. The child does not have to prove that she has some worth by bringing in gold medals, whether it is in sports, dancing, art or debate. This is our misplaced social conditioning. The 'Atmopnishad' says that our internal self is victim of 'ambition' and we become vulnerable to baser elements like jealousy, frustration, anger, greed and suicidal feelings.

Every child is unique. Let individuality in child grow. Acknowledge the potential within the child and help it to blossom to its full potential. Let the child be herself.

Every school strives to render a qualitative, inclusive and holistic education along with safe learning environment. With this in view, T N Rao School tried to take forward many initiatives, strengthening innovative and experiential learning practices to improve the overall performance of our students.

Teachers' Assembly

This academic year began by a special assembly conducted by the teachers. The coordinator welcomed all the students and new joiners as a facilitator.

We have significant accomplishments in A.Y 2021-22 under the dynamic, motivating and proactive leadership of our Academic Director and Principal Mrs Meetaba Jadeja as well as our dear staff.

The total number of students who appeared was 23 of which 02 passed with 90% and above, 04 above 80% and 10 above 60%. The school gained cent percent results.

We congratulate these students for their excellent performance and extend warm wishes for their bright future.

Staff:

The school collectively has an enthusiastic and dedicated team of 33 Teachers in the Secondary, the Primary and the Pre-Primary sections. In addition, we have Non-Teaching and Support staff. Their coordination with each other is what enables the school to function smoothly and grow with new perspectives.

Parents' and Teachers' Association:

A General Body Meeting of parents is held on a regular basis and new members of the PTA were nominated for the year 2022-23.

Since then PTA meetings have been arranged periodically, the PTA members of our school are closely involved in most academic activities. We thank and congratulate them for their support and co-operation through the years.

Academic Activities:

Competitions and academic activities that go beyond the text books and the classrooms encourage and foster a healthy and competitive spirit and effective communication skills in the students. The activities are conducted at classroom level, school level and inter-house level. Some of these events are essay, speech and slogan writing competitions. Competitions are also held for Poetry recitation, story –

telling, debate, Elocution, Declamation, Vlog making, Spell Bee – in English, Hindi and Gujarati languages, Quiz competitions.

Certificates and medals for the above competitions are given in 'Abhinandan ceremony'

Reading Month was celebrated virtually. Each student along with the family members had the reading time to read, with the aim to encourage and inculcate the habit of reading.

The school subscribes to various educational and entertainment magazines and periodicals which are available for the students to borrow and read.

Art Integrated Learning We have arts, music, and dance teachers who specifically teach the arts as the curriculum, while content area teachers also infuse the arts into other academic areas such as language arts, social studies, math, and science. Art integrated learning has been a hallmark of the school even before the CBSE mandated it as compulsory.

Training, Orientation and Workshops:

Each academic year, trainings, workshops and orientation programmes are conducted for teachers and students with a dual focus to improve and effectively implement innovative ideas in teaching-learning practices as well as to take the students beyond their current level of learning.

In an effort to better themselves, a considerable number of our teachers have acquired degrees in B.Ed, M.Ed as well as other professional degrees in their pursuit of knowledge.

Games and Sports Competitions:

When students are physically fit, they will achieve more academically. Games and sports develop a sense of friendliness among the children and also build their team spirit. It helps children to develop mental and physical toughness. Bearing this in mind, the school provides ample opportunities for students to perform regular exercises and yoga, and to play and prove their mettle in various sports and games. Many students have participated in various events like: Athletics, Skating, Chess, Carom, Hand ball, etc and have won laurels at the school.

Conclusion:

We believe that every Year brings changes with God Almighty's protection. As we have passed through an unprecedented crisis situation in the year 2020 we are confident that we will overcome all the odds by our strong will and ethics and pave the way for the betterment of the education fraternity and the society in general. Towards this, we had started our Online lectures from the 01 Apr 2020 using various Innovative tools to facilitate learning by the students.

Before I conclude, let me assure that even though our students engaged themselves in various co-curricular and life skill activities, top priority is given to academic performance. Remedial teaching, extra classes, revisions, unit tests, class tests, assignments, project work, end of term exams have kept them busy

With this I conclude the report.

Thank You.
